## Cucina “Marta”

Una linea sobria e minimale che si esprime attraverso la componibilità di molteplici elementi. Alla tradizionale struttura modulare della cucina si affiancano i pratici sottolavelli disponibili in diverse misure e tipologie. La cucina “Marta” è proposta in tre differenti finiture: bianco lucido e rovere sbiancato con cassa bianca; panna con cassa ciliegio.

*A sober and minimalist line expressed through the modularity of numerous elements. Along with the traditional modular structure of the kitchen, the practical sink bases are available in various sizes and types. The Marta kitchen is proposed in three different finishes: shiny white and bleached oak with white casework; cream colour with cherry casework.*

### Cucina "Marta"

Composizione in finitura bianca con la presenza di tutti gli elementi inclusi gli elettrodomestici in dotazione.

### "Marta" kitchen

Composition with white finish, with all the elements including appliances.

## "Marta" By Lmc

Funzionalità ed ergonomia sono gli elementi essenziali della cucina "Marta". Tutto è curato nei particolari e mirato ad una ottimale praticità d'uso. Un'attenzione che diventa elemento caratterizzante per una proposta di cucina dai costi fortemente contenuti. Nelle immagini di queste pagine: particolari delle strutture con dettagli degli elementi aperti. E' importante sottolineare la robustezza del piano di lavoro, nonché delle mensole, realizzate in "nobilitato" da 28 mm.

*The essential elements of the Marta kitchen are functional and ergonomic, with a particular attention to details and designed for the utmost practicality of use. This attention becomes the characterising element for a kitchen proposal that is very economical. The images on these pages: show various aspects of the structures with details of the open elements. It is important to underscore the sturdiness of the worktop, as well as shelves, made of 28 mm particle board.*

 **Elle emme Ci**  
LAVORAZIONE MOBILI COMPONENTI

Particolare del lavello Inox 18/10 a doppia vasca nella versione destra con pratico piano d'appoggio laterale.

*Detail of the 18/10 stainless steel double-basin sink in the right-hand version with practical lateral drain board.*

Cucina "Marta" in finitura Ciliegio

Composizione in finitura ciliegio con frontali e ante in cromatismo "panna".

*"Marta" kitchen in cherry finish*

*Composition in cherry finish with fronts and doors in cream colour.*

### "Marta" By Lmc

Dettagli della cucina "Marta" by LMC in finitura ciliegio. Per questa versione i frontali e le ante sono realizzate nello splendido ed elegante cromatismo "panna". Le ante e i cassetti si pregiano di una raffinata bordatura in ciliegio.

Gli elementi componibili sono i medesimi della finitura bianca lucida.

---

*Details of the Marta kitchen by LMC in the cherry finish. For this version, the fronts and doors are produced in the elegant cream colour. The modular elements are the same as those of the shiny white finish, and the measurements of the accessory units are also the same.*

In alto a destra, particolare delle mensole di spessore 3 cm. con profondità 31 cm. disponibili a metro lineare per l'inserimento in ogni tipologia di spazio. Seguono due dettagli della base da 40 cm. con anta e cassetto estraibile.

*In the top right, a detail of the shelf with thickness measuring 3 cm. with depth measuring 31 cm. available per linear metre for introduction into any type of space. Two details of the 40 cm. base with door and extractable con drawer follow.*

## "Marta" By Lmc

Prosegue il percorso nei dettagli della cucina "Marta" in finitura ciliegio. In questa pagina, in alto a sinistra, particolare del pratico carrello portaoggetti di grande utilità in cucina. Nella pagina di destra, sottolavello da 120 cm a tre sportelli con piedini regolabili in composizione con base da 80 cm. a due sportelli e due cassetti.

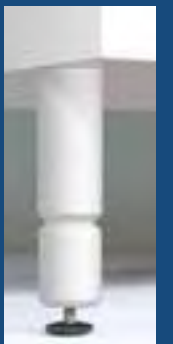

*More details of the Marta kitchen in the cherry finish. On this page, top left, detail of the practical trolley, extremely useful in the kitchen. On the right-hand page, 120 cm three-door sink unit with adjustable feet in the composition with the 80 cm two-door base unit and two drawers.*

Per ogni tipologia di finitura sono disponibili i piedini regolabili oltre, naturalmente, allo zoccolo in tre finiture: bianco, ciliegio e alluminio.

 **Elle emme Ci**  
LAVORAZIONE MOBILI COMPONIBILI

*The adjustable feet are available for each type of finish, naturally in addition to the kickboard in three finishes: white, cherry and aluminium.*

Particolare del sottolavello da 120 cm. a tre sportelli con lavello a doppia vasca sinistra e piano d'appoggio. A seguire base a 5 cassetti con piano d'appoggio.

*Detail of the 120 cm three-door sink unit with left-hand double-basin sink and drain board, along with a 5-drawer unit with work surface.*

## "Marta" By Lmc

La finitura in rovere sbiancato si pone come interessante alternativa cromatica. Una tonalità elegante che richiama al tema della cucina e del convivio. Gli elementi in appoggio a terra sono forniti di serie con i nuovi piedini regolabili in colore alluminio fermorestando, comunque, la disponibilità dei piedini optional e dello zoccolo.

*The bleached oak finish is an interesting chromatic alternative. An elegant shade that evokes the kitchen and conviviality. The elements resting on the ground are supplied with the new adjustable feet in aluminium, however, the optional feet and the base are available.*

Composizione con sottolavello e base affiancata a doppi sportelli. In soli 160 cm. una zona lavello comoda e spaziosa grazie anche ai pensili in composizione

*Composition with sink unit and base unit with double doors. In just 160 cm of space, a comfortable and spacious sink zone also thanks to the coordinated wall cupboards.*

"Marta" By Lmc

Ampi e capienti gli spazi interni per riporre, con ordine, tutta l'oggettistica tipica delle necessità in cucina.

*Large, spacious internal spaces for storing all the objects necessary for the kitchen in an orderly fashion.*

## Sottolavelli Linea "Marta"

Sink unit for "Marta" series

Una gamma di sottolavelli proposta in diversi modelli e molteplici misure, appositamente studiata per l'alloggiamento dei lavelli Inox. Sotto il profilo cromatico la linea si pregia di due finiture di ante: rovere sbiancato e bianco, predisposte per la struttura del mobile bianco, mentre, per la struttura del mobile in ciliegio, sono previste le ante in finitura panna. Molto interessanti i modelli pieghevoli che, una volta montati, sono perfettamente identici al modello fisso. Realizzati con telaio in metallo verniciato, hanno il pregio di occupare uno spazio molto ridotto in magazzino e facilitano il trasporto immediato che può essere anche carico del cliente finale, a tutto vantaggio di una vendita più veloce.

*A line of under sink cabinets proposed in different models and several dimensions, especially studied to hold stainless steel sinks. From the chromatic point of view the line offers two different possibilities of finishing for the doors: white and bleached oak for the white cabinet frame and cream-colored doors for the cherry cabinet frame. The folding models are particularly interesting: once assembled, they look exactly like the fixed models. Realised with a painted metal frame, they have the advantage of taking up very little storage space and making transport easier so clients can do it themselves, therefore speeding up the sales process.*

## Sottolavelli Linea "Marta"

Caratteristiche tecniche: Frontali in nobilitato classe E-1 spessore 18 mm. Struttura della cassa, bianca o ciliegio, in nobilitato classe E-1 spessore 18 mm. Finiture: struttura bianca per frontali bianco o rovere sbiancato; struttura ciliegio per frontale panna con bordature ciliegio delle ante.

Technical characteristics: Fronts in 18 mm thick particle board in class E-1. Structure of the casework, white or cherry, in 18 mm thick particle board in class E-1. Front finish: white or bleached oak on white structure; cream colour finish only on cherry structure.

Sottolavelli e complementi

## Cucina “Sofia”

Una linea di complementi per la cucina incentrata sulla disponibilità, molto ampia, di mobili sottolavelli studiati per accogliere sia i lavelli in ceramica che le versioni in Inox. Alla gamma dei sottolavelli si aggiungono le basi, i pensili e, ovviamente, si coordinano tutti gli elementi accessori inclusi gli elettrodomestici tipici per la cucina.

---

*A line of furnishing accessories for the kitchen centred on the wide availability of sink units designed to hold both the ceramic and stainless steel sinks. In addition to the range of sink units, there are the base units and wall cupboards, and naturally all the typical kitchen accessory elements are coordinated, including the appliances.*

## *"Sofia" By Lmc*

Disponibile nella finitura dei frontali e delle ante in bianco lucido e Teak, rigorosamente su cassa bianca, i complementi della serie "Sofia" si muovono in una infinità di proposte di sottolavello. In queste pagine alcuni particolari della funzionalità e della capienza oltre ad una composizione con sottolavello da 120 cm. a due ante e tre cassetti in coordinamento con base da 40 a sportello dx.

*Available with the finish of the fronts and doors in shiny white and teak, strictly on white casework, the accessory units of the Sofia kitchen can be used with an infinite variety of sink unit proposals. These pages show some particulars of the functionality and capacity along with a composition with 120 cm sink unit with two doors and three drawers coordinated with the 40 cm base with right-hand door.*

 **Elle emme Ci**  
LAVORAZIONE MOBILI COMPONIBILI

### "Sofia" By Lmc

L'intramontabile Teak rappresenta ancora un cromatismo molto richiesto. La finitura delle ante e dei frontali in coordinamento con il bianco delle casse acquista una valenza fortemente contemporanea. In queste pagine: esempio di composizione articolata su 160 cm. con sottolavello e base affiancata.

*The ever-popular teak is a colouring that is always in demand. The finish of the doors and fronts in coordination with the white of the casework creates a very contemporary look. These pages: show an example of a composition on 160 cm with sink unit and base unit.*

 **Elle emme Ci**  
LAVORAZIONE MOBILI COMPONIBILI

## Sottolavelli Linea "Sofia"

Sink unit for "Sofia" series

Una gamma di sottolavelli disponibile in diversi modelli e molteplici misure predisposti per l'alloggiamento dei lavelli in inox e in ceramica. Sono disponibili in due finiture di ante: bianco e teak su struttura bianca. Ai consueti prodotti fissi si aggiungono i modelli pieghevoli che, una volta montati, sono perfettamente identici al mobile fisso. Realizzati con telaio in metallo verniciato, hanno il pregio di occupare uno spazio molto ridotto in magazzino e facilitano il trasporto immediato che può essere anche carico del cliente finale, a tutto vantaggio di una vendita più veloce. Chiudono la gamma dei sottolavelli "Sofia" i modelli per alloggiamento lavastoviglie. Disponibili in tre differenti misure offrono l'opzione del terzo fianco da inserire nel lato dell'elettrodomestico.

*A line under sink cabinets proposed in different models and several dimensions, especially studied to hold stainless steel and ceramic sinks. We have available two kind of finish of the doors: white and teak on white structure. Other than the usual fixed products, there are also folding models, particularly interesting as they look exactly like the fixed models after assembly. Made of a painted metal frame, these have the advantage of taking up very little storage space and making transport easier so clients can do it themselves, therefore speeding up the sales process. The "Sofia" line includes base cabinets for built-in dishwashers, available in three different dimensions and with an optional side panel.*

## Sottolavelli per lavelli Inox Linea "Sofia"

Caratteristiche tecniche per i modelli fissi: frontale e sportelli bianchi o teak in nobilitato classe E-1 spessore 16 mm. Struttura bianca in nobilitato classe E-1 spessore 16 mm.

Technical characteristics for the fixed models: fronts and doors white or teak in 16 mm thick particle board class E-1. White particle board class E-1 structure 16 mm thick.
